PERFORMANCE SUMMARY

Model	Accuracy	Precision	Recall	F1-Score	AUC-ROC
KNN	97.78%	0.0000	0.0000	0.0000	0.6080
SVM	97.78%	0.5000	0.2500	0.3333	0.9631

Note: KNN achieves 0 precision/recall/F1 on the minority class due to severe class imbalance (~2.5% positive). SVM's F1 of 0.33 reflects partial minority class detection.
